Pieksämäki (Finland)

The Citizen Comfort luminaire has arrived to Pieksämäki, in the centre of Finland.

Citizen Comfort
ILCZ2

Pieksämäki is a city located in the heart of the Finnish Lakeland. The natural environment is very diverse, and the area is ideal to practice outdoor activities. The region is well-known for its hills and lakes.
Citizen Comfort is a decorative and efficient luminaire with an excellent relation between efficiency and cost. Its drop-shaped diffuser controls glare. It is designed for all kinds of urban areas thanks to its extensive optical and light distributions.
