

# RECYCLED HIGH DENSITY POLYETHYLENE - ECOPLAY

**ECOPLAY is a new 100% eco-friendly material** with great durability and resistance.

ECOPLAY has been developed in collaboration with our suppliers and is manufactured from recycled materials; it, in turn, is also 100% recyclable.

ECOPLAY is a solid step towards sustainability, and that is why BENITO uses it more and more often in its new products.
