Product	Description
JCC 	**Caucho Continuo** High-quality, non-slip, non-toxic, and eco-friendly rubber, RECYCLED AND RECYCLABLE. Our continuous rubber flooring is manufactured using high-quality materials in accordance with current European safety standard EN-1177. Data Sheet JCC
JFS11 	**Sky** The thrill of flying a tandem airplane with friends hanging from the wings. Fun Springs for kids that enhance their learning. Made with durable materials and certified according to EN1176. Data Sheet Certificate
JJMM01 	**Barco** Designed by **Javier Mariscal**. Half-artist half-designer, his childlike strokes and Latin aesthetic combine perfectly with this kind of product. Data Sheet JJMM01 Certificate
JL2311010H 	**Combo 6** Swings for children made of different materials such as wood and steel. Resistant to abrasion, corrosion and bad weather conditions. Data Sheet Certificate
JTEM05 	**Perla Azul** A themed play structure with a nautical aesthetic, designed as a ship distributed across several levels. Its design combines large-format side panels with marine graphic details that reinforce symbolic play and the overall visual identity. It incorporates multiple access points via nets and climbing structures, as well as curved Slides integrated into the sides, creating dynamic and stimulating routes. Made with durable, low-maintenance materials, it is designed to guarantee longevity, safety, and a high visual impact in public spaces. Data Sheet JTEM05
