

Recycled rubber parking space separator 1830

VBA28

Lane separator made of recycled rubber with a yellow strip integrated in the part by vulcanisation. Has frontal and lateral attack angles that facilitate shock absorption. Eco-friendly product.

Easy installation as several lane separators can be chained to obtain the desired length.

Great robustness, shock absorbing, high resistance to abrasion, ozone and UV rays.

The design of the lane separator allows its use as:

- Cycle lane separator, bus-taxi, etc.
- Parking space separator
