

INTROPDF##

The 11 de Setembre Square in Fornells de la Selva, Girona, has a wonderful playground suitable for the little ones, with the Quiner collection, and for older children with wooden swings, spring swings and a three-dimensional net game. The children's area is surrounded by a protective fence, a non-slip rubber surface has been installed on the ground and 100% recycled plastic tree surrounds have been placed at the foot of the trees, which can be adapted according to their growth INTROPDF##

The space has been complemented with Neobarcano benches that surround the park area.
