Product	Description
ICHP40 	**Petrus** Designer Pole , composed of an elegant Pole made of prefabricated concrete in a granite grey color with a rough appearance. Total Pole height: 4 meters, with a 60 mm diameter top. The combination of these two elements results in a lamppost ideal for urban environments where the decorative value of the Light Point is important. Furthermore, it is completely corrosion-resistant, making it ideal for installation on seafronts or in areas with high salinity levels. Data Sheet ICHP40
PA663 	**GEA** GEA designer Litter Bin made of recycled polymer, overall dimensions (width x depth x height) 440x430x825 mm, compact and adaptable with a bag-holding ring designed for 50-liter bags, manufactured from ReBnew plastic (BENITO's recycled polymer produced entirely from yellow recycling bin containers and requiring no maintenance). Prepared for anchoring with screws depending on the surface and project. Anchoring screws not included. Data Sheet PA663 Certificate TMA/851/2021 Plate
UM359S 	**Petrus** PETRUS designer chair, total dimensions (length x height x depth) 600 x 470 x 600 mm, made of rough, granite-gray precast concrete. It can be placed individually or in groups. It rests on a prepared surface under its own weight. Data Sheet UM359S
UM359SR 	**Petrus** PETRUS designer chair with backrest, total dimensions (length x height x depth) 600 x 820 x 800 mm, made of rough, granite-gray precast concrete. It can be placed individually or in groups. It rests on a prepared surface under its own weight. Data Sheet UM359SR
UM359T 	**Petrus** PETRUS designer sun lounger, total dimensions (length x height x depth) 600 x 820 x 1610 mm, made of rough, granite-gray precast concrete. It can be placed individually or in groups. It rests on a prepared surface under its own weight. Data Sheet UM359T
UM521I 	**Atlas** ATLAS designer shower, total dimensions (length x width x height) 375x375x2750 mm, with a shower head and a foot bath, highly resistant to corrosion, ensuring durability outdoors. The body and fittings are made of polished stainless steel, a durable material that withstands inclement weather, humidity, Solar radiation, and high temperatures. Installation via mains connection, 3/4" gas inlet. Anchored to the floor on a prepared surface, with screws according to the surface and project. Data Sheet UM521I
UM522I 	**Atlas** ATLAS designer shower with two shower heads, total dimensions (length x width x height) 375x375x2750 mm, highly resistant to corrosion, ensuring durability outdoors. Body and taps are made of polished stainless steel, a durable material that withstands inclement weather, humidity, Solar radiation and high temperatures. Installation via mains connection, 3/4" gas inlet. It has two water outlets or shower heads with timed push buttons. Ideal for Beaches and swimming pools. Anchored to the ground on a prepared surface, with screws according to the surface and project. Optional with recycled plastic pallet. Data Sheet UM522I

Product	Description
UM565 	**Petrus** PETRUS designer Fountain , total dimensions (Ø x H) 350 x 970 mm, made of concrete. Robust, with an elegant and lightweight design, it can blend into any unique setting. Easy to install, it comes equipped with the necessary connections for water inlet and drainage. It does not require grates or visible drains, and is free of splashing, rust, maintenance, water buildup, unpleasant odors, etc. Accessible, can be used by a wheelchair user. Data Sheet UM565
VMFUT 	**Futtoc** Sport revolution in the streets Designed by and for football lovers FUTTOC - Like table tennis, but without paddles; like volleyball, but without hands; like soccer, but without goals. Foot, chest, head, knee; anything goes, even standing on the table, on the playing field, suspended about 70 centimeters above the ground. Data Sheet VMFUT
VR080150 	**Obi** OBI Fence , consisting of posts (Ø x H) 80x1250 mm made of Rebnew plastic (BENITO's recycled polymer, produced entirely from yellow container packaging and requiring no maintenance) and two crossbars made of 20 mm ropes at two heights. Anchored to a prepared concrete surface, depending on the surface and project. Data Sheet VR080150
VRA012PR 	**Cam** CAM walkway, total dimensions (length x width x height) 1200x1000x80 mm, modular, made of brown ReBnew plastic (BENITO's recycled polymer, produced entirely from yellow-bin packaging and requiring no maintenance). A single, complete, finished piece that can be installed quickly and easily. For Beach and garden use, the modular system is assembled meter by meter and can be removed when necessary, for example, during seasonal changes. Simple snap-together system, suitable for temporary use. Data Sheet VRA012PR
