–Playground Equipment

Product	Description
JREB03 	**Reb 3** The REB line is designed with **ecodesign and open playability** criteria in mind. Games made from **ReBnew** plastic profiles, **100% recycled and recyclable,** recovered from the selective collection packaging fraction. Considering that plastic waste takes between 100 and 1,000 years to degrade, this creative reuse promotes circular economy. **Multigame structure composed of a platform with different access for climbing and descending (climbing net and inclined climbing ramp), polyethylene slide and roof.** Data Sheet Certificate
JREBM02 	**Lito** The REB line is designed with **ecodesign and open playability** criteria in mind. Games made from **ReBnew** plastic profiles, **100% recycled and recyclable**, recovered from the selective collection packaging fraction. Considering that plastic waste takes between 100 and 1,000 years to degrade, this creative reuse promotes circular economy. **Simple spring swing: game composed of a spring and an abstract design structure.** Data Sheet JREBM02 Certificate
JREBM04 	**Lar** The REB line is designed with **ecodesign and open playability** criteria in mind. Games made from **ReBnew** plastic profiles, **100% recycled and recyclable**, recovered from the selective collection packaging fraction. Considering that plastic waste takes between 100 and 1,000 years to degrade, this creative reuse promotes circular economy. **Two-seat see-saw composed of stainless steel hardware, handles, and a rotating system.** Data Sheet JREBM04 Certificate
UM301 	**Citizen** Exclusive CITIZEN design Bench , overall dimensions (length x height x depth) 1800x820x650 mm, manufactured with ductile iron legs (treated with the Ferrus triple-layer protective coating for iron, guaranteeing optimal corrosion resistance). Finished with epoxy primer and polyester powder coating in marson color. Five tropical hardwood planks (treated with Lignus triple-layer coating, a fungicidal, insecticidal, and water-repellent protective coating) in a natural finish. Stainless steel screws. Recommended anchoring: four M10 expansion bolts, depending on the surface and project. Optional extras not included: Customizable branding with a 74x35 mm aluminum plate or a milled plank. Ground anchoring screws not included. Data Sheet UM301 Data Sheet UM301-MADRID Certificate TMA/851/2021
