Tarragona (Spain)

Renovation of the Plaça de la Cinquena Promoció in Sant Pere i Sant Pau (Tarragona), featuring a new children's play area, rubber safety surfacing, ESFÉRICA planters and CICLO lighting.

Need / Problem: The square had fallen into significant disrepair and required refurbishment to improve safety, accessibility and overall urban quality.
Solution: Comprehensive redevelopment including a children's play area, pedestrian walkways, landscaped areas, planters and lighting.
Result: A renewed public space that enhances community life, play opportunities and residents' quality of life.
In the **Sant Pere i Sant Pau district of Tarragona,** the **Plaça de la Cinquena Promoció** has been completely renovated, transforming a deteriorated space into a more accessible, functional public area designed for people.
The project includes new pedestrian routes, landscaped areas and **ESFÉRICA planters** positioned alongside the pathways, bringing greenery, order and a more welcoming appearance to the urban environment.
The new children's playground features a variety of play elements for different age groups, including a **three-dimensional climbing net, the DERA slide with Liza climbing holds** used as access, **the Villa playhouse** for younger children, **the Piona seesaw and play tunnels integrated into the safety surfacing.** The entire play area is finished with continuous rubber safety surfacing, providing safety, comfort and a colourful, dynamic appearance.
The project is completed with **CICLO lighting,** improving visibility at night and encouraging safer use of the space after dark.

Alicante (Spain)

The Aromático Park in Torrevieja has been renovated with Klasik play equipment, a zip line, swings, an adapted spring toy, and a large geosail, creating an inclusive, safe, and fun space.

The **Aromático Park in Torrevieja,** in the province of **Alicante**, has been renovated with equipment from **Benito Urban,** transforming it into a more attractive, safe, and accessible space for all ages.
Among the new additions are **modular Klasik play structures,** which promote interaction and physical development in children. **Dynamic elements such as a zip line, wooden swings, and the adapted MAIA spring toy** have also been installed, designed to ensure inclusion and enjoyment for all users. The play area is complemented by **themed structures like a playhouse and a car,** encouraging symbolic play.
For added comfort and sun protection, the area includes a **rectangular Geovela covering 128 square meters,** providing shade on the hottest days. This renovation turns the park into an ideal meeting point for families and reaffirms **Benito Urban's** commitment to high-quality public spaces.

The renovation of the **Parque de las Naciones in Torrevieja, Alicante,** has transformed this public space into a more accessible and attractive environment, especially for younger children. With the goal of optimizing the outdoor experience, **new modular play equipment, spring toys, rocking horses, and swings have been installed,** designed to meet the varying ages and needs of children. These play elements encourage physical activity and enjoyment, offering a fun and safe experience.

In addition, visitor comfort has been a priority, especially during the intense summer heat in the region. To address this, **shaded areas in rectangular and triangular shapes have been added,** providing relief from the sun and creating pleasant spaces for families. The landscape design has also been updated, with more green spaces and rest areas, making the park an ideal place for recreation and social gatherings in a natural setting.

Torres de Segre is a town located in the county of Segrià, in the province of Lleida, 15km away from the provincial capital.

The City Council has opted for playground elements from the BENITO's **EDUCA range** for the new playground area of the town. The area includes different elements such as the Vila house, and the Pig and Vaca spring swings so that small children can learn about farm animals, and the Viti modular equipment to promote healthy eating habits among 3- to 6-year-olds.

We can also find other products such as a swing, multicoloured security fences and a rubber shock-absorbing surface.

Pinet, a French municipality located in the Hérault department in the Occitanie region, has recently inaugurated a new space for leisure for young children.

The area, which has a surface of 150m2, becomes a new space to promote family life where children can have fun and play outdoors.

It comprises a shock-absorbing surface made with a flexible and permeable material, metallic security fences, and a VITI slide tower from BENITO's EDUCA collection for children aged three to six. This element is designed to promote healthy eating habits and includes a slide for adventurous children and another for younger children. It also has lots of interactive panels: grapes, watermelon seeds, a citrus climbing wall, an apple slide, a net…
There are other products such as the VILA house and the ZEA slide for children aged two to three, designed to promote the discovery of animals and the natural environment, as well as a three-dimensional net.

The municipality of Campdevànol has decided to **bet on inclusivity** by creating a new playground area adapted to all children.

The element that stands out the most is the Alu 5, which includes several slides, platforms, bridges, and panels at ground zero. Moreover, this equipment presents the great advantage of **not needing any maintenance**.

Other products such as the Vila house and several spring swings have also been installed so that **children from all ages can have fun**.

Almenara (Spain)

The City Council of Almenara has created a new project of a playground area alongside BENITO in order to maximise the enjoyment and security of children.

Citizen Eco	Continuous Rubber	Deco Lira	Essentials	MADERA 1 Flat	Pig	Vaca	Vila	Zea
UM301PR	JCC	ILDL	ICCLXXES1	JL1510000	JFS13	JFS12	JEDU01	JEDU02
								

Almenara is a city of the province of Castellón in the Valencian Community. It is located between the coast and the Sierra d'Espadan, on an enormous extension of agricultural land.
The City Council of Almenara decided to build a new playground area in order to maximise enjoyment while ensuring children's safety.
The city took advantage of the implementation of the project to renew the whole area by installing maintenance-free Citizen Eco benches, 100% made of recycled and recyclable plastic, as well as Essentials light points with Deco Lira luminaires whose optimised optical design ensures a perfect glare control and an adequate cut-off for pedestrians.
