The playground areas of Navalcarnero become themed playgrounds made with resistant, sustainable, safe and inclusive materials.

The city council of Navalcarnero, Madrid, has made a big investment in the renovation of its playground areas by installing Benito Novatilu products.

The Araba Park has been customised with a themed element: the Castle Fortress. Slides, stairs, bridges, tunnels... A lot of interactive panels, play elements and symbolic details!

**Big, themed playground areas, without maintenance!**
