

Table Ping-Pong

VMOTC

It has a metal inner chassis covered with polyester. Its inner nucleus is made pressed poliuretano and fibreglass. This is a luxury ping-pong table, stable and robust; especially strong and suitable for playing ping-pong; vandal proof, shock proof and graffiti proof. Ping-pong regulation white lines flush with the surface, these lines cannot be rubber out or lose their clarity. The surface produces good, active bounce and is not slippery.
