

The port of the island of Korkula, in Croatia, shines more with the installation of Milan projectors.

Korcula (Croatia)

The port of the island of Korkula, in Croatia, shines more with the installation of Milan projectors.

Milan XXL
APMXXL

The island of Korcula, in Croatia, is one of the greenest in the Adriatic Sea. **Milan XXL** spotlights have been installed in the port of Vela Luka, lighting up a large bay and a port that provides a safe haven for sailors.

Our Milan spotlights feature good orientation and low wind resistance.
