

New children's play area at Beverly Ville Verte, Bouskoura (Casablanca), with rubber safety surfacing and dynamic play equipment adapted to different age groups.

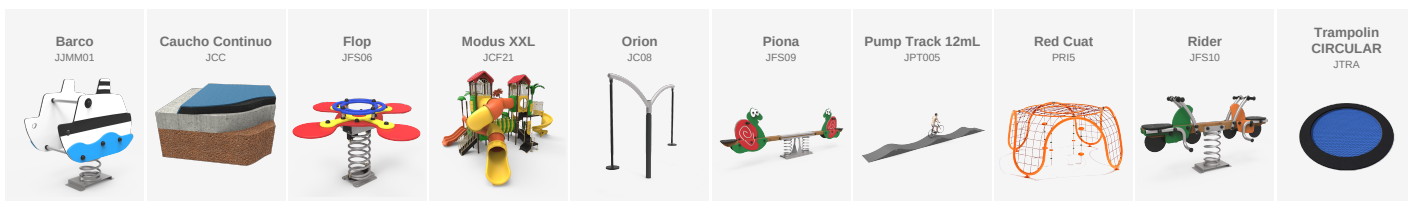

Casablanca (Morocco)

Major children's play area project in the town of Aljaraque, Huelva. Installation of two playgrounds equipped with various play elements from the MODUS range.

Huelva (Spain)

New children's play area at Beverly Ville Verte, Bouskoura (Casablanca), with rubber safety surfacing and dynamic play equipment adapted to different age groups.

Need / Problem: The new residential development required a safe, attractive children's play area adapted to different age groups within the residential environment.

Solution: Installation of a complete play area with rubber safety surfacing, dynamic play equipment, modular play structures and activity zones.

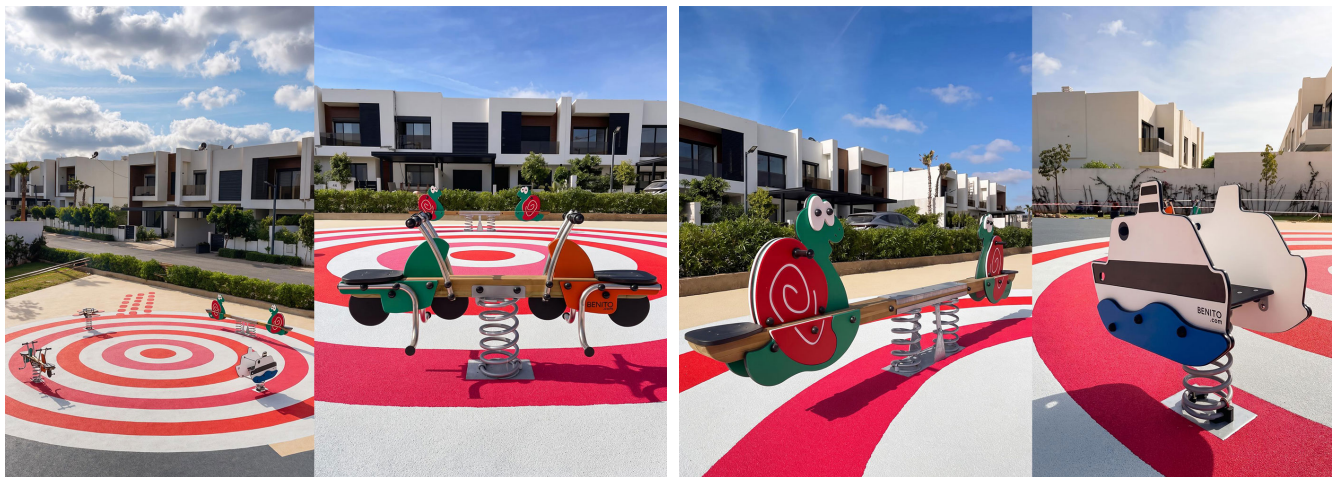

Result: A colourful, functional play space that encourages play, movement and social interaction among families.

A new children's playground has been developed within the **luxury Beverly Ville Verte residential development in Bouskoura, Casablanca (Morocco)**.

Located between residential buildings and shared community spaces, the playground provides a safe and convenient environment for families' daily use. The **continuous rubber safety surface, designed with distinctive shapes and colours, enhances safety while adding visual dynamism and a unique identity to the space.**

The playground features a variety of equipment designed for different age groups and play experiences, **including seesaws, spring riders, dynamic play elements, a CUAT climbing net, a pump track and a MODUS XXL modular play unit.** This combination promotes balance, coordination, climbing, movement and exploration.

The result is a complete, dynamic and contemporary play space designed to enhance community life within the development while offering children a diverse play experience in a high-quality residential environment.

We have developed a major children's play area project in the town of Aljaraque (Huelva), creating a vibrant, colorful, and fun urban space for young children. This project includes two playgrounds designed for different age groups: one for children under 6 years old and another for those aged 6 to 12, promoting safe and age-appropriate play.

Both areas are equipped with various play elements from Benito Urban's MODUS range, including a MODUS L and XXL modular play structure, a COSMIC carousel, a mixed curved swing, a climbing element, a square trampoline, and colored cast benches that complete the space. The use of multicolored shock-absorbing flooring and decorative fencing transforms this site into a joyful and safe environment, perfectly integrated into the urban fabric of Aljaraque.
