# Tarragona (Spain)

Comprehensive renovation of Bassot Park in Vilalba dels Arcs, featuring new robinia playground equipment, urban furniture and Vialia Lira luminaires, creating a natural, functional space for all ages.

In **Vilalba dels Arcs (Tarragona),** a municipality of 611 inhabitants, **Bassot Park has undergone a comprehensive turnkey renovation together with Benito Urban,** transforming into a more functional, natural space adapted to all ages.
The new playground **features robinia wood play structures,** a material that enhances integration with the surroundings and reinforces the park's natural character. The play area **is completed with modular games, balance elements for younger children, and spring rockers,** creating a dynamic environment that encourages development and social interaction.
The project also **includes seating areas for adults, with Gavarres picnic tables, Minsk benches, Salou litter bins, and Kube concrete benches,** creating a comfortable setting resistant to intensive use.
The intervention is completed **with the renewal of lighting through Vialia Lira luminaires,** providing uniform and efficient illumination seamlessly integrated into the space. The park now guarantees safety and comfort during low-light hours, consolidating its role as a meeting point for the entire municipality.
