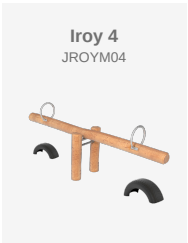
BENITO
–Playground Equipment

Andorra

Canillo (Andorra) now has a playground with equipment made of robinia wood, an excellent option for those who want to enjoy nature and have fun at the same time



I The playground features equipment made of robinia wood, a high-quality material that requires no maintenance and adapts perfectly to the environment. This wood is known for its durability and weather resistance, making it an ideal choice for outdoor spaces. Moreover, its natural and rustic look adds a touch of elegance and harmony to the environment. The robinia wood playground equipment is safe and has been designed to stimulate the physical and mental development of children, encouraging their creativity and their ability to play together.

A unique experience in contact with nature, providing adventure and fun for the little ones. A perfect place to spend an afternoon with the family!
