In Les Masies de Voltregà, in the province of Barcelona, the weekly market area has been renovated with the **installation of new urban elements** that promote community living, sustainability, and shared enjoyment.

Among them are the **DARA litter bins, in olive green,** also available in marson, grey, and burgundy. This model has a capacity of 100 litres and incorporates a ashtray and cover, offering both functionality and design in a single product.
Picnic tables Gavarres have also been installed, made of pine wood and reinforced with iron on one side, ensuring strength and durability in daily use.

The area is completed with a **robinia children's playground** featuring a wide range of equipment: **two slides installed on the slope, spring riders, swings, sand play, and balance games**, creating an ideal environment for family and community leisure.

The recent installation in front of the Mercadona in Reus, Tarragona, represents a step forward in sustainable and people-centered urbanism. This complete renovation, designed with minimalist elements, creates a welcoming space for the community. With Kube Kurve modules, Lisa chairs, Lisa planters, and Dara litter bins, resting areas and green spaces are provided. This approach not only enhances the urban landscape but also promotes social interaction and community well-being.
This initiative reflects Reus's commitment to a more inclusive and environmentally respectful future, in line with sustainability values and community care.
