

Renovation of the Plaça de la Cinquena Promoció in Sant Pere i Sant Pau (Tarragona), featuring a new children's play area, rubber safety surfacing, ESFÉRICA planters and CICLO lighting.

Tarragona (Spain)

Renovation in Arrecife (Lanzarote), now pedestrian, with white concrete urban furniture resistant to the climate: Kube Kurve benches, Lisa and Ficus chairs, Volga bench, and Milan luminaires.

Lanzarote (Spain)

Renovation of the playground in Almoradí, with turnkey installation of Robinia products and Kube urban furniture, creating a modern, safe, and accessible space.

Alicante (Spain)

In Alicante, they sought to develop a park that reflected values of sustainability and nature. To achieve this, they opted to use Robinia, a wood known for its sustainability and its environmental friendliness.

Alicante (Spain)

Renovation of the Plaça de la Cinquena Promoció in Sant Pere i Sant Pau (Tarragona), featuring a new children's play area, rubber safety surfacing, ESFÉRICA planters and CICLO lighting.

Need / Problem: The square had fallen into significant disrepair and required refurbishment to improve safety, accessibility and overall urban quality.

Solution: Comprehensive redevelopment including a children's play area, pedestrian walkways, landscaped areas, planters and lighting.

Result: A renewed public space that enhances community life, play opportunities and residents' quality of life.

In the **Sant Pere i Sant Pau** district of **Tarragona**, the **Plaça de la Cinquena Promoció** has been completely renovated, transforming a deteriorated space into a more accessible, functional public area designed for people.

The project includes new pedestrian routes, landscaped areas and **ESFÉRICA planters** positioned alongside the pathways, bringing greenery, order and a more welcoming appearance to the urban environment.

The new children's playground features a variety of play elements for different age groups, including a **three-dimensional climbing net**, the **DERA slide with Liza climbing holds** used as access, the **Villa playhouse** for younger children, the **Piona seesaw and play tunnels integrated into the safety surfacing**. The entire play area is finished with continuous rubber safety surfacing, providing safety, comfort and a colourful, dynamic appearance.

The project is completed with **CICLO lighting**, improving visibility at night and encouraging safer use of the space after dark.

Fred Olsen Avenue, located in front of the beach in the town of **Arrecife on the island of Lanzarote**, has been completely renovated to become a pedestrian promenade free of vehicle traffic. This intervention has transformed the area into a friendlier, more accessible and attractive space for pedestrians, promoting urban life by the sea.

White concrete urban furniture has been installed along the entire avenue, **including Kube Curve benches, Lisa and Ficus chairs, Volga benches with backrests, Kube Nin litter bins, and Milan luminaires**, which provide efficient lighting with a contemporary design.

Thanks to their concrete construction, these elements are highly resistant to the island's climatic conditions, such as salt air and high temperatures, and require no maintenance. The result is a modern, comfortable, and durable environment that enhances the quality of the public space in a privileged seafront location.

Renovation of the playground in Almoradí, with turnkey installation of Robinia products and Kube urban furniture, creating a modern, safe, and accessible space.

In the town of Almoradí, Alicante, a turnkey renovation of the playground was carried out by Benito.

The project included the installation of various play elements made of **Robinia wood**, a durable and resistant material that ensures the safety and longevity of the installations. Among the equipment are **modular play sets, a swing, a carousel, and a seesaw**, providing a safe and fun space for children. To protect the little ones from vehicles, a wooden fence was installed.

Additionally, the ground was covered with soft rubber, reducing the risk of falls. The park also features urban furniture, such as **Volga benches**, ideal for family rest, and **Kube trash bins** with lids, promoting cleanliness and order. This renovation provides a more accessible, comfortable, and safe environment for the Almoradí community, significantly improving the quality of life in the area.

The project developed in the town of Almoradí (Alicante) opted to use **Robinia**, a wood renowned for its sustainability and resistance, to create a collection of games that would stand out for their solidity and durability. The choice of this wood not only ensures the longevity of the park's elements but also contributes to maintaining a natural and harmonious environment in the surroundings.

The collection of **Robinia** games is characterized by its seamless integration into the natural environment, thanks to a carefully designed layout that respects and enhances the beauty of the surrounding landscape. Each element blends organically with its surroundings, creating play spaces that invite exploration and enjoyment of nature.

In addition to their aesthetic appeal, **Robinia** games also offer exciting challenges for younger visitors, ranging from climbing structures to swings and slides.

As a complement to the park, **Kube litter bins** with hats and **Volga R benches** with backrests have been added, providing comfort and utility. These elements are constructed with concrete to ensure their durability.
