In this new playground located on the **Montaña de la Breña Baja**, Tenerife, we have installed a varied range of equipment for play and relaxation. Highlights include the **LETO 03 modular play structure**, a **wooden swing with flat seat and wedge**, a **seesaw**, and a **spring rider**, all made from robinia wood, known for its durability and sustainability.
To complete the space, **Citizen ECO benches** made with **ReBnew**, our innovative recycled material with high durability, and **Rustica wooden bins** with a 90-liter capacity have been installed, designed to blend harmoniously with the natural surroundings.
The **Montaña de la Breña Baja**, located on the island of Tenerife, is a privileged natural site with stunning views of the Atlantic Ocean and native vegetation, offering a perfect environment for outdoor leisure. This project aims to provide a safe, accessible, and sustainable space where families and visitors can enjoy play and nature.
