Almenara is a city of the province of Castellón in the Valencian Community. It is located between the coast and the Sierra d'Espadan, on an enormous extension of agricultural land.
The City Council of Almenara decided to build a new playground area in order to maximise enjoyment while ensuring children's safety.
The city took advantage of the implementation of the project to renew the whole area by installing maintenance-free Citizen Eco benches, 100% made of recycled and recyclable plastic, as well as Essentials light points with Deco Lira luminaires whose optimised optical design ensures a perfect glare control and an adequate cut-off for pedestrians.
