Some of the projects we have done

Renovation in Arrecife (Lanzarote), now pedestrian, with white concrete urban furniture resistant to the climate: Kube Kurve benches, Lisa and Ficus chairs, Volga bench, and Milan luminaires.

Lanzarote (Spain)

A new urban installation is presented in Reus. With Kube Kurve elements, Dara litter bins, and planters and chairs Lisa, the space is transformed into a modern and functional area for the community.

Tarragona (Spain)

Excellent combination of planters and benches from the LISA collection, an aesthetic, pleasant, and unique line that invites relaxation and enjoyment of the beauty of the place. The best choice for creating a charming space!

Jaén

Installation of a picnic area on Pérez Galdós avenue in Valencia.

Fred Olsen Avenue, located in front of the beach in the town of **Arrecife on the island of Lanzarote,** has been completely renovated to become a pedestrian promenade free of vehicle traffic. This intervention has transformed the area into a friendlier, more accessible and attractive space for pedestrians, promoting urban life by the sea.

White concrete urban furniture has been installed along the entire avenue, **including Kube Curve benches, Lisa and Ficus chairs, Volga benches with backrests, Kube Nin litter bins, and Milan luminaires,** which provide efficient lighting with a contemporary design.

Thanks to their concrete construction, these elements are highly resistant to the island's climatic conditions, such as salt air and high temperatures, and require no maintenance. The result is a modern, comfortable, and durable environment that enhances the quality of the public space in a privileged seafront location.

The recent installation in front of the Mercadona in Reus, Tarragona, represents a step forward in sustainable and people-centered urbanism. This complete renovation, designed with minimalist elements, creates a welcoming space for the community. With Kube Kurve modules, Lisa chairs, Lisa planters, and Dara litter bins, resting areas and green spaces are provided. This approach not only enhances the urban landscape but also promotes social interaction and community well-being.
This initiative reflects Reus's commitment to a more inclusive and environmentally respectful future, in line with sustainability values and community care.

Jaén has chosen to install urban furniture from the LISA concrete collection, an innovative series designed for rest, care, and beautification of the environment. This furniture is robust and durable, ensuring its long lifespan. Additionally, these furniture elements not only enhance the landscape but also invite people to stop, rest, and enjoy the surroundings. With this combination, a cozy atmosphere is created that encourages relaxation and appreciation of the beauty of the place.

The LISA planters and backless benches offer a modern and durable design, manufactured with prefabricated gray granite-colored concrete, with a weathered and hydrophobic finish. This finish prevents the surface from getting dirty and degrading due to the effects of moisture, ensuring the long life of the furniture elements.

The City Council of Valencia has transformed a parking area located near the Pérez Galdós avenue into a square with a pergola and street furniture, such as benches and picnic tables which, combined with the paving, provide the space with its own design and identity..

The goal was to extend the pedestrian space on an axis with a large influx of vehicles. The **Pérez Galdós-Giorgeta avenue** is a very busy axis with an important presence of vehicles.

BENITO's Picnick tables are made of pinewood treated in vacuum pressure autoclave class IV against woodworm, termites and insects.

The new retail park Los Patios de Azahara in Córdoba now has **BENITO street furniture**, more precisely Ela Mad benches and Lisa chairs. These models stand out for their minimalist and architectural design, and are made of precast textured granite grey concrete.

It also has Eterna bins made of 4mm thick high density polyethylene, textured forge black finish. This product is resistant to UV rays, chemical agents and impacts, and includes a stainless steel cigarette stubber. Finally, Arvelo bike racks and Husky fountains with two taps, one of which is adapted for dogs, have been installed.

Citizen Clear	Kube	Kube	Oslo	Silla Lisa
ILCZ	PA672	UM372M	ICNI	UM375
				

More precisely, the products installed are Kube tables (UM372M), made of precast textured granite white concrete, and matching Kube bins (PA672).
Citizen luminaires (ILCZ0) were also installed. This product outstands for its design as well as an excellent relation between efficiency and cost. It is ideal for all kinds of residential areas thanks to its extensive optical and light distributions.
