

Wooden decking has been installed outside CosmoCaixa, while the interior now features PIK picnic tables in ReBnew, ReBnew planters, and PICCO four-compartment bins to ensure efficient recycling.

Barcelona (Spain)

Turnkey installation in the province of Valencia with Rebnew elements and Neovilla-Alu luminaires, designed to promote the rest and well-being of citizens in urban spaces.

Valencia (Spain)

Wooden decking has been installed outside CosmoCaixa, while the interior now features PIK picnic tables in ReBnew, ReBnew planters, and PICCO four-compartment bins to ensure efficient recycling.

Outside the **CosmoCaixa in Barcelona**, one of Europe's leading science museums and a benchmark in scientific outreach promoted by the "la Caixa" Foundation, a public-space upgrade has been carried out to enhance visitor comfort. The exterior area now includes **wooden-slat decking**, creating generous and comfortable spaces where visitors can rest, wait or enjoy the landscaped surroundings.

Inside the facility, functionality and sustainability have been strengthened with the installation of **PIK picnic tables made from ReBnew**, a highly resistant recycled material. These are complemented by **ReBnew planters**, which organise and green the communal areas, and by **PICCO bins with four compartments**, designed to facilitate efficient waste separation and encourage responsible recycling habits among visitors. This intervention improves both user comfort and environmental management within the museum.

Turnkey installation in the province of Valencia with Rebnew elements and Neovilla-Alu luminaires, designed to promote the rest and well-being of citizens in urban spaces.

In the town of Benissoda, in the province of Valencia, a complete renovation of its squares has been carried out through a turnkey installation, utilizing elements from the Rebnew line. This project has transformed the space into a modern and welcoming place, ideal for residents to enjoy moments of rest or spend pleasant time with family and friends.

The square has been equipped with **picnic tables, benches, and waste bins from the Rebnew range**, all made from recycled materials from the yellow container, ensuring high quality and guaranteeing durability and resistance to outdoor conditions. Additionally, **an Atlas fountain** has been installed, which adds a functional touch, along with lighting from **Neovilla-Alu luminaires**, which not only provide efficient and low-consumption light but also add a modern and elegant design element to the environment.

This turnkey renovation reinforces Benissoda's commitment to improving its public spaces, creating areas that invite coexistence and enjoyment of the outdoors in a comfortable and safe environment for all.
