Installation of Gavarres benches, tables and bins, ideal for rural environments thanks to the use of wood and Corten steel.

Elements of BENITO's **Gavarres street furniture** range have been installed in a park located in the French Alp region.

Products of this collection are a very good option for rural and mountain environments as they have a rather rustic aspect due to the materials they are made of: wood and Corten steel.

In both cases, they are living materials, which means their appearance will evolve over time. However, these changes don't affect their resistance or durability.
