We have developed a major children’s play area project in the town of Aljaraque (Huelva), creating a vibrant, colorful, and fun urban space for young children. This project includes two playgrounds designed for different age groups: one for children under 6 years old and another for those aged 6 to 12, promoting safe and age-appropriate play.
Both areas are equipped with various play elements from Benito Urban’s MODUS range, including a MODUS L and XXL modular play structure, a COSMIC carousel, a mixed curved swing, a climbing element, a square trampoline, and colored cast benches that complete the space.
The use of multicolored shock-absorbing flooring and decorative fencing transforms this site into a joyful and safe environment, perfectly integrated into the urban fabric of Aljaraque.

Valencia (España)

El Perelló (Valencia) is already enjoying its long-awaited children's playground, located in Calle Crevillent, next to the sports centre.

Alu 1	Alu 7	Cosmic	Curvo	Reb	Roko 2
JALU01	JALU07	JC06B	JKSP20000	VRV480	JROK02

El Perelló recently opened a play and recreational area with games for different ages.

It is intended to give a more specific use to this space focusing on children, who do not have their own recreational spaces in this area. It contains slides, see-saws, swings and huts for children to interact with each other.

In addition to the playground equipment, rubber paving, benches and fencing have been installed, giving El Perelló a new area for families to enjoy.

Mancha Real (Spain)

The City Council of Mancha Real called on BENITO to create a new playground area with bright colours.

Alu 1	Alu 5	Alu 7	Barco	Caucho Continuo	Curvo	Julián
JALU01	JALU05	JALU07	JJMM01	JCC	JKSP20000	JJMM03
						

Mancha Real, a municipality with a long olive growing tradition located 19 km away from Jaén, is one of the most important industrial hubs of the province.

Recently, the municipality has decided to create new spaces where children can play and develop new abilities. To achieve this, it called on BENITO which supplied the playground equipment and paving.

The inclusive multigame elements with slides and panels are from the **Alu range**, which is characterised by its vivid colours and zero maintenance. We can also find **Julián and Barco spring swings**, designed by Mariscal, and a **Curvo swing**.

However, the element that stands out the most is, without any doubt, the rubber flooring. It has very attractive and eye-catching colours and, on top of that, this surface has also been used to add even more playability to the playground as it includes the design of a hopscotch and twister.

Al Gharrafa (Qatar)

BENITO has installed two playgrounds and two exercise areas in the first park in the world with air-conditioned pedestrian tracks in Qatar.

Abdominal	Curvo	Hockey	Klasik 6	METAL 2 Flat	Odin	Pull Down	Wheels
JSA015N	JKSP20000	JSA007N	JK006B	JL1020000	JL17D	JSA010N	JSA005N
							

Al Gharrafa Park is located in an area f abot 50,000 m2, which makes it a good place for visistors, residents and tourists; especially this year that Qatar is hosting the FIFA World Cup in November.
It stands out for being the **first park in the world with air conditioning**, designed for recreational activities such as walking, exercising and cycling, becoming one of the first parks with such technology and with environmental awareness as it is operated by solar panels.
The Qatari Administration aims at promoting sports and healthy living as well as providing democratic and inclusive games for all children and communities living in the city.

Pedestrian tracks with A/C which allow visitors to walk during hot summer days.
As it is a family park, we can find:
1-**Two fitness areas** equipped with gym elements (Fitness Station Area 1 and Fitness Station Area 2)
2-**Two playground areas** divided according to age groups from 2 to 5 and from 6 to 12 years old.
Gyms are equipped with fitness equipment that people can use to keep fit. Playground areas are segregated accordifng to age groups and are designed for children up to 12 years old. Children with special needs are also considered in the design of the playground areas.
