Meydan (Dubai, EAU)

Meydan, Dubai, debuts state-of-the-art lighting with Horizon luminaires for perfect glare control.

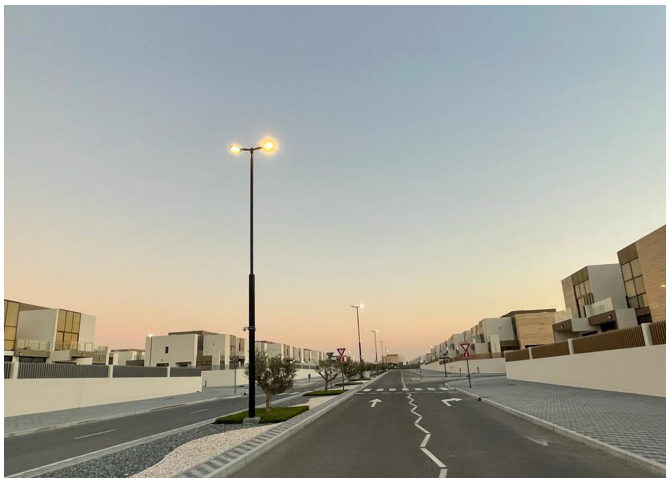

Meydan, in Dubai, has taken a step forward in terms of lighting by introducing a state-of-the-art lighting system using Horizon luminaires to achieve perfect glare control. Horizon luminaires offer precise control over the direction and intensity of light, allowing for minimizing glare and creating perfectly illuminated environments. This lighting system has been installed in the Meydan area, providing an optimal visual experience for residents and visitors.

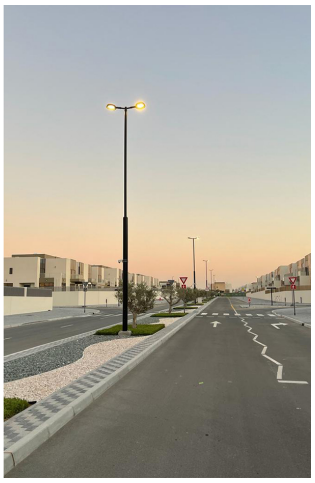

The implementation of these luminaires demonstrates Meydan's commitment to excellence in urban lighting, ensuring a safe and pleasant environment for everyone. Furthermore, this cutting-edge technology contributes to energy efficiency by reducing electricity consumption and minimizing environmental impact.

Horizon luminaires on the roads of the state of Querétaro in Mexico

Horizon
ILDH

INTROPDF##

Querétaro is a state in Mexico with three sites declared UNESCO World Heritage for their cultural significance. These include the historic monuments in the city of Querétaro, the Franciscan missions of the Sierra Gorda, and the Royal Road of the Interior Land.

It is one of the states with the highest economic growth. Horizon luminaires from the Essentials family are installed on its roads on columns of up to 8 meters.

Tarragona (Spain)

Renewed lighting in the stairs of Tarragona's amphitheatre with BENITO's Deco Horizon luminaires.

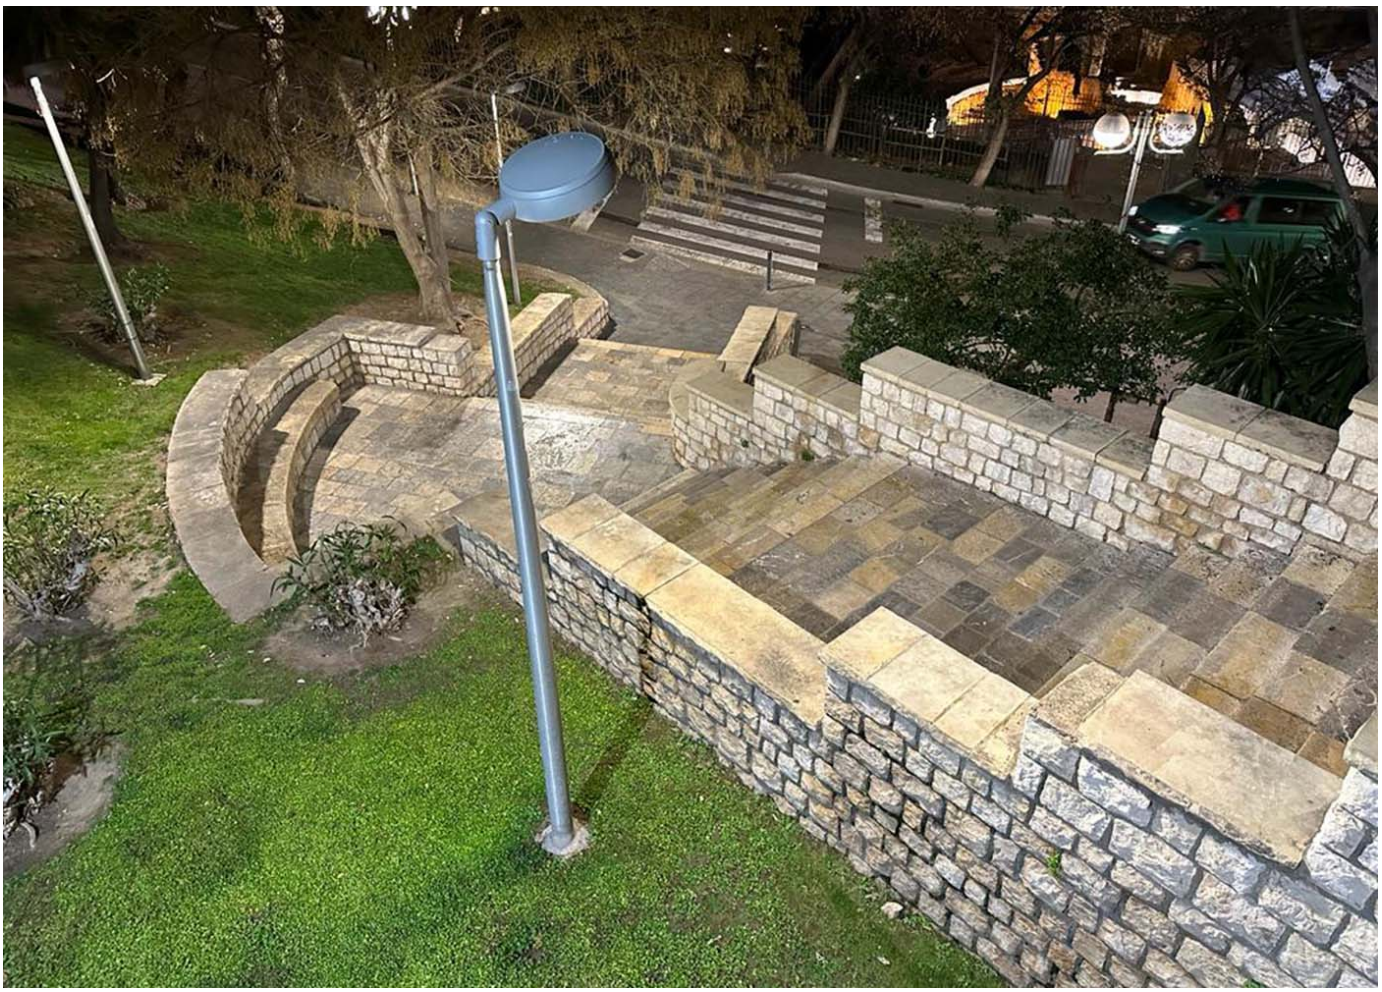

Continuing with the project of illuminating the amphitheatre of Tarragona in a more efficient way, BENITO has installed luminaires that improve the lighting on the stairs leading to the monument. The amphitheatre, along with the theater and circus, is the hallmark of any first-rate Roman city such as Tarragona, the ancient Tarraco.

Deco Horizon luminaires have been installed at different points on the stairs leading to the enclosure. This model, which belongs to the Essentials family, is elegant and functional and also incorporates perfect glare control suitable for pedestrians. With this action, the change to LED luminaires throughout the enclosure is complete.

Abu Dhabi (UAE)

BENITO has lit Hudairiyat Island with an efficient and modern lighting, in accordance with the architecture of the area.

Al Hudayriyat Island is an island dedicated to ludic and sports activities, ideal to enjoy the open air with family and friends.
For the park, efficient lighting products with a modern design in harmony with the architecture of the area were chosen.
Our luminaire DECO HORIZON ILDH, painted in RAL1021, fits perfectly in the environment and brings a unique aesthetic to this emblematic project.
DECO HORIZON offers a sturdy, functional and technically impeccable design. Excellent heat dissipation, tool-less opening, exclusive LED and anti-glare design, controlled cut-off, large light emission surface and finless dissipation.
A functional luminaire, easy to mount and install with low maintenance and an intelligent design.
