The Aromático Park in Torrevieja has been renovated with Klasik play equipment, a zip line, swings, an adapted spring toy, and a large geosail, creating an inclusive, safe, and fun space.

The **Aromático Park in Torrevieja,** in the province of **Alicante**, has been renovated with equipment from **Benito Urban,** transforming it into a more attractive, safe, and accessible space for all ages.
Among the new additions are **modular Klasik play structures,** which promote interaction and physical development in children. **Dynamic elements such as a zip line, wooden swings, and the adapted MAIA spring toy** have also been installed, designed to ensure inclusion and enjoyment for all users. The play area is complemented by **themed structures like a playhouse and a car,** encouraging symbolic play.
For added comfort and sun protection, the area includes a **rectangular Geovela covering 128 square meters,** providing shade on the hottest days. This renovation turns the park into an ideal meeting point for families and reaffirms **Benito Urban's** commitment to high-quality public spaces.

The **Bassegoda Park** family campsite, located in Albanyà, has installed a new playground area with BENITO equipment from the **EDUCA range**, a collection designed to improve the physical, cognitive, creative and socioemotional skills of small children. Apart from these products, diverse multifunctional play elements, a structure-slide and seesaws have been installed.
A play and learning area full of imagination and colour, never forgetting safety so that children can have fun without any risk.
