Doha College in the city of Qatar has installed a playground as part of its commitment to providing a safe and enjoyable environment for families. This new space will become a gathering place for the younger residents, where they can socialize, exercise, and create unforgettable memories.

Doha College is one of the prestigious colleges in Qatar, Doha. Benito redesigned the park in coordination with EDGE Interior, which completed this project with the help of Al Attiyah Architectural Group Holding and delivered a high-quality product, where each piece of installed equipment is different and provides the surrounding area with a dynamic and colorful atmosphere. With the donation from Engineer Hamad Bin Abdulla Al Attiyah, Benito delivered the project with an excellent image of the park in the region.
