BENITO
–Playground Equipment

Lanzarote (Spain)

New park in Playa Honda (Lanzarote) promoting active lifestyles, featuring sports areas, robinia playground equipment, a skate park, and bicycle racks, enhancing the use of public space.

In the town of Playa Honda, **on the island of Lanzarote,** a new park has been inaugurated next to the airport, designed to enhance the use of public space and promote outdoor living.
The project integrates different areas designed for all ages. It includes **fitness-oriented elements** that encourage active lifestyles, **as well as children's play areas with robinia wood structures** that blend naturally into the surroundings. In addition, the **park features a LETO modular play unit,** expanding recreational opportunities for younger users.
The intervention is completed with a large skate park area, creating a dynamic meeting point for young people and sports users.
All areas are equipped with OMEGA bike racks, facilitating sustainable access and promoting cycling.
A project that combines sport, play and urban design to create a versatile, accessible space adapted to the needs of the community.

In Les Masies de Voltregà, in the province of Barcelona, the weekly market area has been renovated with the **installation of new urban elements** that promote community living, sustainability, and shared enjoyment.

Among them are the **DARA litter bins, in olive green,** also available in marson, grey, and burgundy. This model has a capacity of 100 litres and incorporates a ashtray and cover, offering both functionality and design in a single product.
Picnic tables Gavarres have also been installed, made of pine wood and reinforced with iron on one side, ensuring strength and durability in daily use.

The area is completed with a **robinia children's playground** featuring a wide range of equipment: **two slides installed on the slope, spring riders, swings, sand play, and balance games**, creating an ideal environment for family and community leisure.
