BENITO
–Playground Equipment

# Barcelona (Spain)

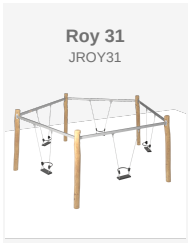

Renovation of Parc del Torrent de l'Illa in El Bruc (Barcelona) with robinia playground elements integrated into the natural environment, creating a recreational and relaxation space surrounded by nature.

**Need / Issue:** The space required renovation to improve the play experience while maintaining integration with the natural landscape.
**Solution:** Installation of new play and rest elements made from robinia wood.
**Result:** A more natural, attractive park adapted to family use is created.
In **El Bruc,** a municipality of approximately 2,000 inhabitants located in a privileged natural setting at the foot of Montserrat, in the province of Barcelona, the Parc del Torrent de l'Illa playground has been renovated.
The intervention focuses **on elements made from robinia wood,** a material especially suitable for outdoor use due to its durability and its ability to integrate visually into natural environments.
The park includes **a relaxation hammock, a round swing with five seats, a balance circuit and a climbing structure,** offering different play experiences adapted to various age groups.
The project reinforces the natural character of the space and transforms the park into a family meeting point where play, relaxation and nature coexist in balance.

BENITO
–Playground Equipment

# Lanzarote (Spain)

New park in Playa Honda (Lanzarote) promoting active lifestyles, featuring sports areas, robinia playground equipment, a skate park, and bicycle racks, enhancing the use of public space.

In the town of Playa Honda, **on the island of Lanzarote,** a new park has been inaugurated next to the airport, designed to enhance the use of public space and promote outdoor living.
**The project integrates different areas designed for all ages.** It includes **fitness-oriented elements** that encourage active lifestyles, **as well as children's play areas with robinia wood structures** that blend naturally into the surroundings. In addition, the **park features a LETO modular play unit,** expanding recreational opportunities for younger users.
The intervention is completed with a large skate park area, creating a dynamic meeting point for young people and sports users.
**All areas are equipped with OMEGA bike racks,** facilitating sustainable access and promoting cycling.
A project that combines sport, play and urban design to create a versatile, accessible space adapted to the needs of the community.

–Site Furnishing

# Tarragona (Spain)

Comprehensive renovation of Bassot Park in Vilalba dels Arcs, featuring new robinia playground equipment, urban furniture and Vialia Lira luminaires, creating a natural, functional space for all ages.

In **Vilalba dels Arcs (Tarragona),** a municipality of 611 inhabitants, **Bassot Park has undergone a comprehensive turnkey renovation together with Benito Urban,** transforming into a more functional, natural space adapted to all ages.
The new playground **features robinia wood play structures,** a material that enhances integration with the surroundings and reinforces the park's natural character. The play area **is completed with modular games, balance elements for younger children, and spring rockers,** creating a dynamic environment that encourages development and social interaction.
The project also **includes seating areas for adults, with Gavarres picnic tables, Minsk benches, Salou litter bins, and Kube concrete benches,** creating a comfortable setting resistant to intensive use.
The intervention is completed **with the renewal of lighting through Vialia Lira luminaires,** providing uniform and efficient illumination seamlessly integrated into the space. The park now guarantees safety and comfort during low-light hours, consolidating its role as a meeting point for the entire municipality.
