In the village of **Tuineje**, located on the island of **Fuerteventura**, a major renovation of the **urban furniture** has been carried out with the aim of improving public space for residents and tourists. All the benches in the village have been replaced with **Citizen wooden benches and chairs**, combined with **Citizen litter bins**, models designed by **Eugeni Quillet** in an elegant **Marson** color.
In addition, the municipality has committed to **sustainability** by incorporating furniture made from recycled material, known as **ReBnew**. This furniture includes **Pik picnic tables** and **ROM bollards**, which are also used for traffic control in the city center.
The renovation aims to create a more **modern and comfortable** environment for residents and tourists visiting the village this summer, providing a more functional and **environmentally friendly** space.

In the town of Benissoda, in the province of Valencia, a complete renovation of its squares has been carried out through a turnkey installation, utilizing elements from the Rebnew line. This project has transformed the space into a modern and welcoming place, ideal for residents to enjoy moments of rest or spend pleasant time with family and friends.
The square has been equipped **with picnic tables, benches, and waste bins from the Rebnew range**, all made from recycled materials from the yellow container, ensuring high quality and guaranteeing durability and resistance to outdoor conditions. Additionally, **an Atlas fountain** has been installed, which adds a functional touch, along with lighting from **Neovilla-Alu luminaires**, which not only provide efficient and low-consumption light but also add a modern and elegant design element to the environment.
This turnkey renovation reinforces Benissoda's commitment to improving its public spaces, creating areas that invite coexistence and enjoyment of the outdoors in a comfortable and safe environment for all.
