We have developed a major children’s play area project in the town of Aljaraque (Huelva), creating a vibrant, colorful, and fun urban space for young children. This project includes two playgrounds designed for different age groups: one for children under 6 years old and another for those aged 6 to 12, promoting safe and age-appropriate play.
Both areas are equipped with various play elements from Benito Urban’s MODUS range, including a MODUS L and XXL modular play structure, a COSMIC carousel, a mixed curved swing, a climbing element, a square trampoline, and colored cast benches that complete the space.
The use of multicolored shock-absorbing flooring and decorative fencing transforms this site into a joyful and safe environment, perfectly integrated into the urban fabric of Aljaraque.
