Stainless steel

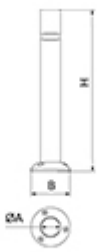

Regulations and certifications:

ISO 9001 ISO 50001 ISO 14001 ISO 45001

BARSOL designer bollard, made of yellow polyurethane, with two reflective strips, a stainless steel reinforcement plate, and a Solar LED. Absorbs any impact from vehicles and recovers 100% verticality. It can withstand 1,500 bending cycles at 45° and 50 cycles at 90° without damage. Fire rating "E" according to UNE-EN 13501-1:2007+A1:2010. Resistant to -50°C according to UNE ISO 812.

Materials & Finishes:

Stainless steel: Structural alloy with a high chromium and nickel content, resistant to corrosion. High resistance to weather, humidity, UV rays and chemical agents present in urban environments. Thanks to the natural formation of a protective passive layer, stainless steel does not require additional coatings, ensuring excellent durability, low maintenance and a clean, timeless appearance – even under demanding conditions such as coastal or industrial areas.
