Bollard

Grey Movil

Embedment anchoe | Removable anchor | Black Color | T-handle wrench

Regulations and certifications:

ISO 9001 | ISO 50001 | ISO 14001 | ISO 45001

Grey designer bollard, made of steel with Ferrus treatment, a protective process for iron that guarantees optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities by shot-peening. It consists of zinc plating, followed by a layer of epoxy primer and a final coating of black polyester paint.
Recommended anchoring: Built-in mobile base.

Materials & Finishes:

Steel with FERRUS treatment: an iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, and it involves an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint.
