

PA620A

Litter Bin

Fija Aro Selectif

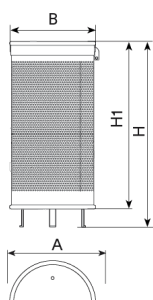

Regulations and certifications:

Litter bin made of steel with Ø0.20" holes treated with Ferrus, a protective process that guarantees high resistance to corrosion.

Materials & Finishes:

Steel with FERRUS treatment: an iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, and it involves an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint.
