material

20 years
warranty

Low
maintenance

Regulations and certifications:

VERTEBRA straight designer Bench, total dimensions (length x width x depth) 72.83x17.72x24.02". In addition to its geometric and functional flexibility, it is made of ReBnew plastic (BENITO's recycled polymer, produced entirely from yellow-bin packaging and requiring no maintenance) for both the legs and the seat and backrest. It feels pleasant to the touch. Anchored to a prepared surface with screws according to the surface and project.

Materials & Finishes:

ReBnew: 100% recycled polymer, sturdy and durable, derived from urban, industrial, and domestic waste... It is weather-resistant, resistant to oils, acids, and seawater. It does not splinter or crack, nor does it rot or dry out.

Irregular surface finish makes the board extremely durable as it effectively hides scratches caused by vandalism. Nevertheless, surface scratches can be repaired to restore it to a like-new condition.

[Scratch Repair on ReBnew](#)

AWARDED WITH "DER BLAUE ENGEL": Product with low environmental impact throughout its lifecycle. It is awarded to products that meet criteria for reducing environmental impact in manufacturing, recycling, packaging, use, emissions, collection, and disposal. In addition to environmental criteria, it includes quality, safety, energy consumption, and other considerations. It is one of the most prestigious labels globally.
