Precast Concrete

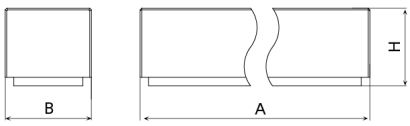

Low maintenance

Regulations and certifications:

ISO 9001 ISO 50001 ISO 14001 ISO 45001

Designer Bench measuring 78.74x23.62x17.72", made of high-strength, layered precast concrete, with a monolithic rectangular body and gently rounded edges. The visible surfaces feature a continuous layered texture, formed by horizontal layers of fine, irregular relief, creating a textured finish inspired by handcrafted ceramics. The exterior has a light, layered finish, while the polished top surface is finished in a two-tone terracotta, integrated into the piece, providing chromatic contrast, visual warmth, and enhanced user comfort. Bench is designed for high-traffic urban spaces, offering high durability against the elements, low maintenance, and high mechanical resistance.
