Low
maintenance

Regulations and certifications:

SIS designer Bench , total dimensions (length x height x depth) 1930x460x450 mm, made of brown ReBnew plastic (BENITO's recycled polymer, produced entirely from yellow container packaging and requiring no maintenance). It does not crack, splinter, rot, dry out or degrade, is resistant to humidity, does not absorb water, and dries quickly. Resistant to weather, oils, acids, seawater, graffiti and other elements. Environmentally friendly. Prepared for screw-on anchoring. Optional not included: Customizable marking with 2.91x1.38" aluminum plate.

Materials & Finishes:

ReBnew: 100% recycled polymer, sturdy and durable, derived from urban, industrial, and domestic waste... It is weather-resistant, resistant to oils, acids, and seawater. It does not splinter or crack, nor does it rot or dry out.

Irregular surface finish makes the board extremely durable as it effectively hides scratches caused by vandalism. Nevertheless, surface scratches can be repaired to restore it to a like-new condition.

Scratch Repair on ReBnew

AWARDED WITH "DER BLAUE ENGEL": Product with low environmental impact throughout its lifecycle. It is awarded to products that meet criteria for reducing environmental impact in manufacturing, recycling, packaging, use, emissions, collection, and disposal. In addition to environmental criteria, it includes quality, safety, energy consumption, and other considerations. It is one of the most prestigious labels globally.
