

VRA012PR  
**Gangway**  
**Cam**

Regulations and certifications:

**CAM walkway, total dimensions (length x width x height) 47.24x39.37x3.15 in, modular, made of brown ReBnew plastic (BENITO's recycled polymer, produced entirely from yellow-bin packaging and requiring no maintenance). A single, complete, finished piece that can be installed quickly and easily. For Beach and garden use, the modular system is assembled meter by meter and can be removed when necessary, for example, during seasonal changes. Simple snap-together system, suitable for temporary use.**

Materials & Finishes:

**ReBnew:** 100% recycled polymer, sturdy and durable, derived from urban, industrial, and domestic waste... It is weather-resistant, resistant to oils, acids, and seawater. It does not splinter or crack, nor does it rot or dry out.

Irregular surface finish makes the board extremely durable as it effectively hides scratches caused by vandalism. Nevertheless, surface scratches can be repaired to restore it to a like-new condition.

[Scratch Repair on ReBnew](#)

AWARDED WITH "DER BLAUE ENGEL": Product with low environmental impact throughout its lifecycle. It is awarded to products that meet criteria for reducing environmental impact in manufacturing, recycling, packaging, use, emissions, collection, and disposal. In addition to environmental criteria, it includes quality, safety, energy consumption, and other considerations. It is one of the most prestigious labels globally.
