

VRV490

Fence

Rural PR

Regulations and certifications:

Rural PR Fence , total dimensions (length x height) 88.58x59.06", manufactured in ReBnew plastic (BENITO's recycled polymer that is produced entirely from yellow container packaging and requires no maintenance), composed of square posts measuring 4.72x4.72x59.06" and two crossbars measuring 3.15x87.60". Anchoring to a prepared concrete surface, depending on the surface and project.

Materials & Finishes:

ReBnew: 100% recycled polymer, sturdy and durable, derived from urban, industrial, and domestic waste... It is weather-resistant, resistant to oils, acids, and seawater. It does not splinter or crack, nor does it rot or dry out.

Irregular surface finish makes the board extremely durable as it effectively hides scratches caused by vandalism. Nevertheless, surface scratches can be repaired to restore it to a like-new condition.

AWARDED WITH "DER BLAUE ENGEL": Product with low environmental impact throughout its lifecycle. It is awarded to products that meet criteria for reducing environmental impact in manufacturing, recycling, packaging, use, emissions, collection, and disposal. In addition to environmental criteria, it includes quality, safety, energy consumption, and other considerations. It is one of the most prestigious labels globally.
