

VTOG

Toilekan

RAL
6005

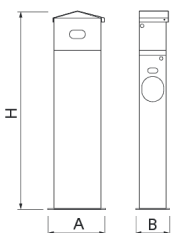

Regulations and certifications:

Plastic bag dispenser made of steel treated with Ferrus, a protective process that guarantees high resistance to corrosion.

Materials & Finishes:

Steel with FERRUS treatment: an iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, and it involves an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint.
