Outside the **CosmoCaixa in Barcelona**, one of Europe's leading science museums and a benchmark in scientific outreach promoted by the "la Caixa" Foundation, a public-space upgrade has been carried out to enhance visitor comfort. The exterior area now includes **wooden-slat decking**, creating generous and comfortable spaces where visitors can rest, wait or enjoy the landscaped surroundings.

Inside the facility, functionality and sustainability have been strengthened with the installation of **PIK picnic tables made from ReBnew**, a highly resistant recycled material. These are complemented by **ReBnew planters**, which organise and green the communal areas, and by **PICCO bins with four compartments**, designed to facilitate efficient waste separation and encourage responsible recycling habits among visitors. This intervention improves both user comfort and environmental management within the museum.

In an area of Vilafranca del Penedés, Barcelona, a renovation has been carried out to improve the space dedicated to fun and relaxation for the whole family. A CUAT net has been installed, specially designed for children's play, promoting physical activity, coordination, and group play in a safe and attractive environment.

Additionally, picnic tables from the Rebnew line have been placed, made from 100% recycled and recyclable material. To complete the space, wooden Kalahari pergolas with breathable roofs have been added, providing shade and comfort during the summer months, creating a cool and pleasant refuge.

These elements combine functionality and design, helping to create a welcoming and modern urban environment, adapted to the needs of users and promoting an active and healthy lifestyle.

La Guingueta d'Aneu, located in a stunning natural setting in northern Catalonia, has incorporated **ReBnew picnic tables** made from 100% recycled plastic, and an **Artic playground**. This sustainable material not only reduces environmental impact but also creates a welcoming environment for families wishing to enjoy nature.
The Artic playground provides a safe and fun space where children can play freely, while the picnic tables offer comfortable spots for families to gather and share meals outdoors. This initiative promotes responsible use of resources and strengthens the sense of community and connection with nature in La Guingueta d'Aneu. It ensures a clean and inviting environment for future generations, ensuring that everyone can enjoy this beautiful natural setting.

El Perelló, in Valencia, is a coastal city with promenades near the sea. In one of these spaces, BENITO has installed urban furniture suitable for relaxing and enjoying the moment.

The Petrus line is present with 4 loungers, 4 chairs with backs, and half a dozen backless chairs. It is complemented by 8 Kube planters, 6 Gea recycled polymer bins, 2 accessible fountains, and an Atlas foot wash.

A Futtoc table has also been installed so people can play this game, where you use your feet, head, knees, or chest to move a ball, but not your hands.
