| Product                                                                                            | Description                                                                                                                                                                                                                                                                                                                                                                                |
|----------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>JKSP20000</p>  | <p><b>Curvo</b><br/>Swings for children made of different materials such as wood and steel. Resistant to abrasion, corrosion and bad weather conditions.</p> <p><a href="#">Data Sheet JKSP20000</a> <a href="#">Certificate</a> <a href="#">Certificate Conformity</a></p>                                                                                                                |
| <p>JT01</p>       | <p><b>Cloud</b><br/><b>Panels, HDPE:</b> high-density polyethylene characterised by its resistance to chemical abrasives. As a polymer, it is unaffected by corrosion. Due to its light elastic nature, it offers high resistance to impact, making it very difficult to break.</p> <p><a href="#">Data Sheet</a> <a href="#">Certificate</a> <a href="#">Certificate Conformity</a></p>   |
| <p>JFS02</p>      | <p><b>Snoo</b><br/><b>Panels, HDPE:</b> High-density polyethylene characterized by its resistance to chemical abrasives and unaffected by corrosion as it is a polymer. Due to its light, elastic nature, it offers high resistance to impact, making it very difficult to break.</p> <p><a href="#">Data Sheet</a> <a href="#">Certificate</a> <a href="#">Certificate Conformity</a></p> |
